From: Commander, Naval Sea Systems Command

Subj: MISSION, FUNCTION AND TASKS OF THE NAVAL SURFACE WARFARE CENTER, DAHLGREN DIVISION DETACHMENT, WASHINGTON, DC

Ref: (a) NAVSEAINST 5450.28F

Encl: (1) Functions and Task Statement of Dahlgren Division Detachment, Washington, DC
(2) Administrative and Management Information

1. Purpose. To announce and document the establishment of the Naval Surface Warfare Center, Dahlgren Division Detachment, Washington, DC (NAVSURFWARCENDET WASH DC) as required by reference (a).

2. Background. Navy Reentry Dynamics research performed by the Dahlgren Division at White Oak must be relocated as a result of the Base Realignment and Closure (BRAC) directed closure of the NSWC White Oak site. The establishment of a Dahlgren Division Detachment at Nebraska Avenue permits retention of critical technical capabilities in reentry dynamics research that the Navy was directed to relocate and retain by collocating the personnel with their primary program sponsor.

3. Mission. As a detachment this unit supports the mission of its parent organization, the Dahlgren Division of the Naval Surface Warfare Center. That Division's mission is as follows:

Provide research, development, test and evaluation, engineering, and fleet support for surface warfare systems, surface ship combat systems, ordnance, mines, amphibious warfare systems, mine counter-measures, special warfare systems, and strategic systems. Execute other responsibilities as assigned by the Commander, Naval Surface Warfare Center.

The NAVSURFWARCENDET WASH DC will primarily support the Director, Navy Strategic Systems Programs (DIRSSP) in developing and maintaining the Navy Reentry Systems capabilities necessary for preserving the National Strategic Deterrence Posture.

4. Status and Command Relationships
