

## Naval Undersea Warfare Center Division, Newport

### Environmental Policy

Naval Undersea Warfare Center Division, Newport's ability to conduct its mission requires daily operation in the land, sea, and air environments. Protection of the environment is an integral part of Division Newport's role in accomplishing its mission. All military and civilian employees, support contractors, and those working for or on behalf of the organization must perform their duties in a manner which prevents pollution, protects the environment, and conserves natural resources.

Naval Undersea Warfare Center Division, Newport is committed to environmental stewardship. We promote practices that will provide environmentally sound products to our customers and ensure we are prudent stewards of the environment.

### Principles

*We are committed to:*

- Environmental protection and continual environmental process improvement.
- Early introduction of environmental protection and pollution prevention in the planning stages of new facilities and programs.
- Compliance with applicable federal, state, local, Department of Defense, and Department of Navy regulations and policies, and other requirements associated with Division Newport activities.
- Evaluation of the effectiveness of our Environmental Management System to ensure that established objectives and targets are met.
- Publication, implementation, and maintenance of our environmental policy and its communication to all employees, those working on our behalf, and other interested parties.
