

The Naval Undersea Warfare Center, Division Newport is accepting resumes for engineering and computer science positions. Division Newport is seeking candidates with a master's degree or Ph.D. in mechanical, electronics, computer engineering, and computer science.

NUWC, Division Newport is the Navy's full spectrum research, development, test and evaluation, engineering, and fleet support center for submarine warfare and many other systems associated with undersea battlespace. Division Newport provides the technical foundation that enables the conceptualization, research, development, fielding, modernization, and maintenance of systems that ensure our Navy's undersea superiority.
