Subj: PRELIMINARY FY19 NAVSEA STANDARD ITEMS AND APPENDIX 4-E

The results of the 2017 SSRAC Meeting have been posted for review and comment in accordance with SSRAC milestones.

Only those products changed as a result of the 2017 SSRAC Meeting have been posted. Results include preliminary FY-19 NAVSEA Standard Items (NSIs) and Appendix 4-E to the Joint Fleet Maintenance Manual (JFMM) Volume VII, Chapter 4.

These documents are PRELIMINARY and are not intended for immediate distribution or invocation, nor do they authorize any change in terms, conditions, delivery schedule, price, or amount of any existing Government contract.

Please review these products and provide any comments you may have NLT 18 SEPT 2017, using the Preliminary Review Comment form. COMMENTS WILL ONLY BE ACCEPTED USING THIS FORM.

Comments must relate only to proposals considered at the 2016 SSRAC Meeting and the resulting actions. Comments relating to subjects not reviewed by the subcommittees will be rejected back to the author for resubmission for future consideration.

With the exception of 009-32 which will be issued as CH I, all changes or additions are identified by showing changed or added verbiage in bold italics. Deletions are identified by a vertical line in the right-hand margin beside the deletion. New or completely revised Standard Items are identified by a vertical line in the right-hand margin beside the ITEM NO, DATE, and CATEGORY lines. 009-43 will be canceled once SWT is updated and adjudicated.
