MLP

AFSB

JHSV

CAPT Henry Stevens

LHA(R) /
AADS / SSC / SC(X)R

CAPT Chris Mercer

SEA 21 Portfolio

**ACAT I Equivalent Programs: DDG Mod, CG/LSD Mod
\$16.6B through FYDP managed including backlog**

Surface Ship Modernization

Lead and integrate all surface ship modernization policy, planning, and execution.

CAPT Ted Zobel

Surface Maintenance Engineering Planning Program

Provide centralized surface ship lifecycle maintenance engineering, class maintenance and modernization planning and management of maintenance strategies aligned to Fleet needs and priorities.

CAPT(s) David Bauer

International Fleet Support

Executes FMS programs to support the operational readiness of our international partner's ships, boats, systems and equipment.

CAPT Jim Dick

Surface Ship Readiness and Sustainment

Lead and manage comprehensive portfolio of programs providing surface ships with the highest level of operational readiness, and sustain ships at peak capability through their service life.

CAPT Tim Crone

Surface Training Systems

Single point of contact for strategic program planning, policy, acquisition, life cycle management and technical insertion for existing and future Navy Surface Training Systems.

CAPT Jeff Sinclair

Inactive Ships Office

Support the Fleet with inactivation, inactive retention, and disposal of the Navy's conventionally powered ships and service craft.

Mr. William Boozer (acting)

Where We Do Business

Washington

(Does not include complete Support Boats & Craft Portfolio)

*New Construction Yards

Professional Support Services (PSS)

In FY15, Team Ships Set Aside multiple Contracts for Small Businesses, together worth ~20% of Team Ship's PSS yearly expenditure

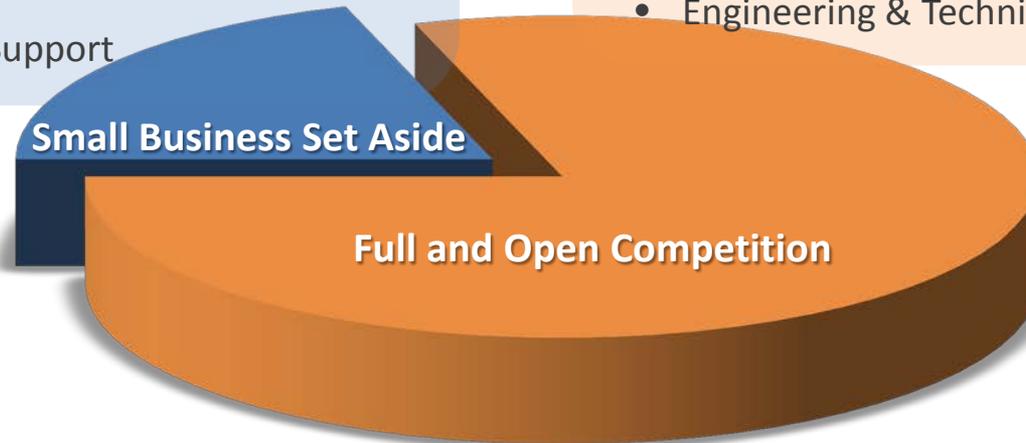

Set Aside scope primarily includes:

- Administrative
- Business Financial
- Integrated Logistics Support

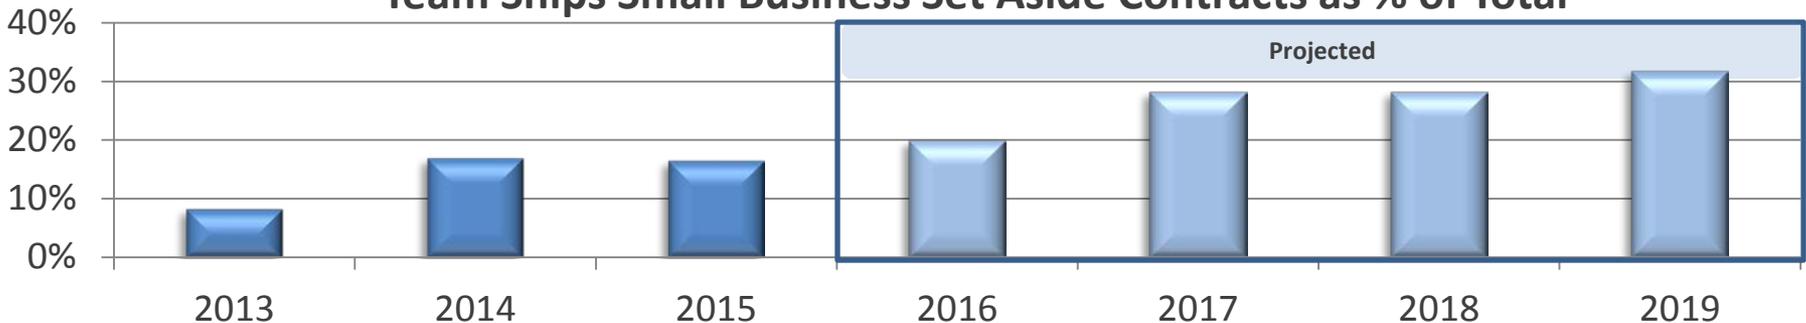

Team Ships expects contracts awarded through Full and Open Competition will include meaningful Small Business Subcontracting Goals

Contracts scope primarily includes:

- Program Management
- Engineering & Technical Support

Team Ships Small Business Set Aside Contracts as % of Total

Team Ships embraces Small Businesses in Professional Support Service Contracting

New Construction

Support Ships / Boats & Craft FY16 Expected Procurement Outlook

- Multi-Use Explosive Ordnance Disposal Craft (EOD MERC)
- Workboat Medium
- Utility Dive Boat
- YT 802 Class Harbor Tugboat
- Waste Oil Barge (YWO)
- Fast Attack Craft Target (FACT)
- 11m RIBs
- SPAWAR Minefield Maintenance Support Craft
- 35m Patrol Boats

EOD MERC

Workboat Medium

YT 802 Class Harbor Tugboat

Small Business should contact Surface Ship Design and Construction contractors to discover potential subcontracting opportunities.

MLP

In-Service

- **In-Service Support (Maintenance, Modernization & Training) provided across entire Team Ships portfolio**
- **The most significant contracts include PMS 407s Private Shipyard Maintenance & Modernization Portfolio**
- **Intentions for Small Businesses:**
 - Set aside Non Complex Maintenance (~20% of Shipyard Scope) (if supported by individual port's Industrial base)
 - Complex Maintenance & Modernization to maximize Small Business Subcontracting Opportunities (Precise goals to be determined based on market research)

Surface Ships Cradle to Grave
