NOTE: As of 16 June 1978, no Class 2 compressed asbestos sheet packing has been tested and approved under Federal Specification HH-P-46E. Pending the inclusion of this class on the Qualified Products List, the qualification requirements (paragraphs 5.1 and 6.5) of this specification shall be waived for procurement of this class of compressed asbestos sheet packing. However, procuring agencies should require first article inspection invoking tests of paragraph 4.3 of HH-P-46E. A copy of the first article test data, as certified to by the responsible government inspector, shall be forwarded to the applicable qualifying activity.

NOTE: As of 8 June 1981, no Class 2 compressed asbestos sheet packing has been tested and approved under Federal Specification HH-P-46E. Pending the inclusion of this class on the Qualified Products List, the qualification requirements (paragraphs 3.1 and 6.5) of this specification shall be waived for acquisition of this class of compressed asbestos sheet packing. However, contracting agencies should require first article inspection invoking tests of paragraph 4.3 of HH-P-46E. A copy of the first article test data, as certified to by the responsible government inspector, shall be forwarded to the applicable qualifying activity.
