

# NAVAL SURFACE WARFARE CENTER CARDEROCK DIVISION

We are seeking veterans to tackle challenges with maritime systems. Do you have what it takes to work on a team of world renowned scientists, engineers, and technicians?

We are the US Navy's primary research and engineering laboratory for design, hydrodynamics, structures, survivability, signatures, materials, and environmental quality of ships, submarines, small craft, and unmanned surface & underwater vehicles. Our engineers, scientists, and technicians are world renowned in their fields. We have state-of-the-art experimental, testing, and engineering capabilities.

Vision: Support the Fleet with Affordable Technical Solutions for the Warfighter
