NAVAL SURFACE WARFARE CENTER CRANE DIVISION

Expeditionary Warfare - Our mission is to provide intelligent systems solutions for all domains that enhance detection, decision-making, maneuver, and kinetic and non-kinetic engagement capabilities for the Expeditionary warfighter. We utilize open architecture designs to integrate multi-platform advanced sensors and specialized weapons systems.

Electronic Warfare - National Leaders in Force Level EW for Department of Defense: Influence EW Operational employment (Doctrine, Tactics, Techniques & Procedures, Concept of Operations, Concept of Employment) and create multi-domain and full spectrum electromagnetic warfare solutions to provide the Electromagnetic Spectrum advantage.

Strategic Missions - Strategic Missions encompasses the full range of Department of Defense activities that alter an adversary's will and ability to attack the United States and its interests. As a world leader delivering complex technical solutions, Strategic Missions' professionals work to develop, deploy and sustain superior technologies to ensure that weapons systems are fully reliable and always available to the Warfighter.
