

CAD/PAD

2020 TECHNICAL EXCHANGE WORKSHOP

CALL FOR ABSTRACTS FOR THE 13TH CAD/PAD TECHNICAL EXCHANGE WORKSHOP

The Cartridge Actuated Devices/Propellant Actuated Devices (CAD/PAD) Technical Exchange Workshop is a biennial event hosted by the CAD/PAD Joint Program Office dedicated to enabling and promoting a better understanding of new initiatives and recent emerging requirements. It offers a platform for constructive interchange among technologists, designers, and engineers from industry, government, military, and academia to present their involvement in a wide range of topics including new technology and applications, as well as program managers and sustainment experts addressing program and user needs. The three-day session will be held at the College of Southern Maryland (CSM), La Plata Campus on 19-21 May 2020.

ABSTRACTS

Abstracts of presentations are requested for topics associated with and involved in CAD/PAD applications such as, but not limited to:

- Engineering / Manufacturing
- Technology Development / Implementation
- Modeling / Simulation / Testing
- Processing & Handling of Energetic Materials
- Environmental, Occupational, Safety & Health
- Energetics Obsolescence
- Hazards of Electromagnetic Radiation to Ordnance (HERO) / Electrostatic Discharge (ESD)
- Hazard Risk Assessment (HRA)
- Mishaps/Failure Investigations
- Ordnance Assessment (OA) / Service Life Extensions (SLE)

Abstracts should be limited to 200 words and include: title of presentation, preferred presentation subject area, name of presenter(s), contact information (phone and email), and organization information. Presentations will be 20 minutes long, followed by a 5 minute Q&A. See website for Abstract Submission Form and more information.
