

2022 CAD/PAD Technical Exchange Workshop Abstract Submission Details

Abstract Requirements

Abstracts of presentations are requested for topics associated with and involved in CAD/PAD applications. An abstract submission form is attached at the end of this packet.

Abstract should include:

- Title of your presentation and text of approximately 200 words
- Author information:
 - Full name, organization, mailing address, phone number, and email address
 - If more than one author, please identify the presenter(s) with an asterisk
- Please indicate the preferred presentation topic area

Suggested Topics:

- Engineering / Manufacturing
- Technology Development/Implementation
- Modeling / Simulation / Testing
- Processing & Handling of Energetic Materials
- Environmental, Occupational, Safety & Health
- Energetics Obsolescence
- Hazards of Electromagnetic Radiation to Ordnance (HERO) / Electrostatic Discharge (ESD)
- Hazard Risk Assessment (HRA)
- Mishaps/Failure Investigations
- Ordnance Assessment (OA) / Service Life Extensions (SLE)
- Other CAD/PAD topics

Submit abstracts using the attached Abstract Submission Form to:

ihdiv_cad_pad_tew@navy.mil

Presentation Requirements

A technical paper is not required for this workshop. Once abstracts are approved and speakers are notified of their selection, speakers are required to submit their presentation in Microsoft Power Point format by 6 June 2022. Speakers should plan on a 20-minute presentation with 5 minutes for questions. A brief biographic questionnaire for the speaker is requested to be submitted with the final presentation to help with the speaker introduction to the audience. The questionnaire will be provided with the notification of presentation selection.

Abstracts are for NSWC IHD internal use and will not be distributed or uploaded to the website, but should be processed as required through the submitting organization's release process. However, all presentations must be UNCLASSIFIED and cleared for PUBLIC RELEASE with unlimited distribution. For example, if contractor generated data is included, your submission needs approval from the customer (both government and private organizations) as well as the performing company. This does include both government and non-government presentations.

Abstract Submission and Acceptance to Workshop Timeline

- 9 May 2022: Abstract submission deadline
- 13 May 2022: Presenters notified of abstract selections
- 6 June 2022: Final presentations due to be submitted for public release
- 24 June 2022: Presenters notified of tentative presentation time-slot; draft agenda prepared
- 12-14 July 2022: CAD/PAD Technical Exchange Workshop
