

Civilian Career Opportunities

Technicians

NSWC Port Hueneme Division

The Naval Surface Warfare Center in Port Hueneme, CA is looking for highly motivated individuals to join our team of skilled personnel. You do not need to enlist in the Navy to join our team! Ideal candidates are enthusiastic, look forward to hands-on experience, and are able to work effectively in teams. If this sounds like something you would be interested in, we'd love to hear from you!

WHAT YOU WILL BE DOING:

The Technician career field can be separated into two key areas:

Electronics:

Supervising, leading, or performing work involving applying knowledge of the techniques and theories characteristic of electronics, such as a knowledge of basic electricity and electronic theory, algebra, and elementary physics; knowledge of electronic equipment design, development, evaluation, testing, installation, and maintenance; knowledge of the capabilities, limitations, operations, design, characteristics, and functional use of a variety of types and models of electronic equipment and systems related to, but less than, a full professional knowledge of electronic engineering

Engineering:

Supervising, leading, or performing work involving applying a practical knowledge of the methods and techniques of engineering or architecture; the construction, application, properties, operations, and limitations of engineering systems, processes, structures, machinery, devices, and materials.

YOUR IDEAL QUALIFICATIONS:

Bachelor's Degree in an appropriate field of engineering, construction, or industrial technology or at least 24 semester hours in any combination of courses such as those shown as engineering, industrial technology, construction, physics, drafting, surveying, physical science, or mathematics.

CAREER PATHS:

Project Lead, Team Lead, Branch Manager

OPPORTUNITY FOR TRAVEL:

Occasional travel (25%) to various locations throughout the U.S and internationally for some programs.

OPPORTUNITIES FOR FUTURE LEARNING:

- Continuing education opportunities (various schools)
- Training courses offered onsite
- On the job training

TYPICAL WORK SETTINGS:

- Majority of tasks are done in an office
- Occasional work done at dockside, shipboard, contractor sites, test sites, or PHD's detachments (i.e. White Sands, NM and Virginia Beach, VA)

OTHER OPPORTUNITIES:

Participation in Mentorship, Networking, Continual Process Improvement, and Innovation Projects
