The ship edged close to the whale and launched their motor whale boat into the water with 6 men aboard. The sailors worked to free the whale by cutting away the two foot thick netting with knives and hacksaws. All crew members stayed in the boat as it was too dangerous to enter the water. As soon as the whale was cut loose, it swam away, resurfaced to blow a spout and then continued heading south.</p> <p>1995- RENTZ participated and was the only USN asset to complete the inaugural Cooperation Afloat Readiness and Training Cruise (CARAT).</p> <p>2002 – RENTZ and the Coast Guard LEDET successfully interdicted and rescued 136 illegal migrants off the coast of Ecuador. Twenty two (22) of the migrants were found to be Iraqi Nationals. Information received from</p>

	<p>these people subsequently led to the arrest of a man in Texas (who had orchestrated the Iraqis' transit) with known connections with terrorist groups.</p> <p>2003 – RENTZ and her embarked helicopter recently conducted their fourth major drug interdiction, which yielded the seizure of 7,710 pounds of narcotics and the detention of seven suspected drug traffickers in the Eastern Pacific.</p> <p>2005 – While transiting to El Salvador, RENTZ detected a 60 foot vessel that was overloaded with 90 reported Ecuadorian citizens. The nameless boat was discovered more than 300 nautical miles from land with a faulty electrical system and was taking on water. The crew of RENTZ safely transferred all 90 persons safely aboard and gave them food, water and medical attention. They also took over the vessel and returned the citizens to safety in Puerto Quetzal.</p> <p>2013 – April deployment of RENTZ was cancelled due to budget limitations imposed by sequestration.</p>
