

NSWC Crane

Advanced Planning Briefings for Industry (APBI)

Naval Surface Warfare Center, Crane Division is excited to be hosting its first virtual Advanced Planning Briefings for Industry (APBI) Event from June 7, 2021 to June 11, 2021 via Microsoft Teams. The APBI event will provide detailed information about industry & academia, future NSWC Crane technology efforts, criteria, possible contract opportunities, as well as how to do business with NSWC Crane. The APBI series will consist of eight sessions throughout the week to showcase presentations from our senior leadership discussing specified topics that will encompass:

Global Deterrence & Defense, Special Warfare & Expeditionary Systems, Spectrum Warfare Systems, Corporate Operations, Small Businesses, & Contractor Support Services.
